

„Von der Literaturverwaltung zum kollaborativen Datenmanagement – ZOTERO für Einsteiger und Fortgeschrittene“

MONIKA BARGET, IEG MAINZ, 23RD SEPTEMBER 2019

1) Why bibliographical databases?

- ▶ Cite as you write.
- ▶ Easily fix incomplete data or spelling mistakes in all footnotes/endnotes at once.
- ▶ Export bibliographical references in any citation style required by your publisher.
- ▶ Handle sources and secondary works in multiple languages.
- ▶ Create customised publication styles if you are a book or journal editor.
- ▶ Make co-authoring more efficient.

Font Paragraph
music to raise funds for wounded soldiers. The service of the Voluntary Aid Detachment (VAD) Marie Martin is also well documented. Like Roberts, Martin came from a well-to-do family, albeit Catholic, and went on to found the religious order Medical Missionaries of Mary as a result of her experience as a VAD during the War.¹¹

One reason why VAD's stories are comparatively well researched may be that their experiences at the front have been recorded in memoirs such as those by Vera Brittain, and celebrated in works of fiction, including Ernest Hemingway's tragic heroine Lady Brett Ashley in *The Sun Also Rises*.¹² Another reason for the public attention given to

2) Why use ZOTERO?

- ▶ Do not worry about licence fees and institutional limitations.
- ▶ Join an active community of users and developers.
- ▶ Collaboratively use and edit bibliographical data with other researchers.
- ▶ Feature requests can be shared with the developers at any time.

3) How do I get started?

Create account and access ZOTERO via FIREFOX

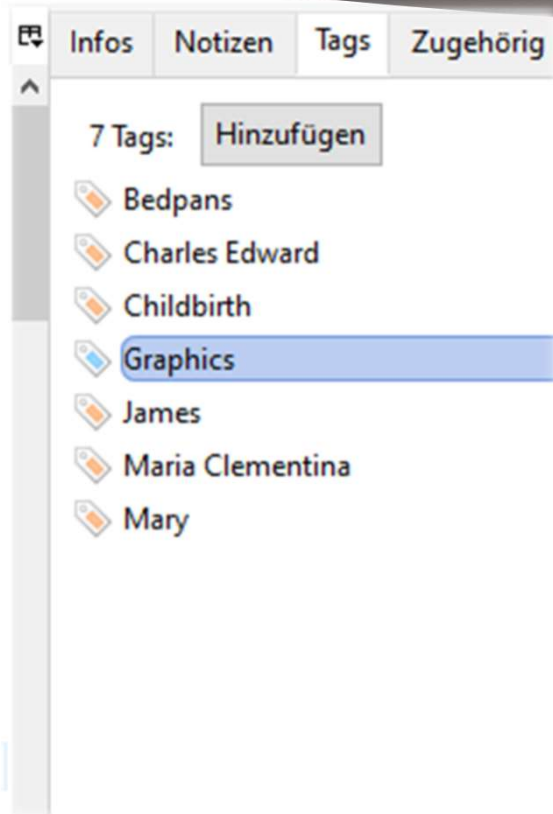

Download stand-alone version

4) How can I import references to ZOTERO?

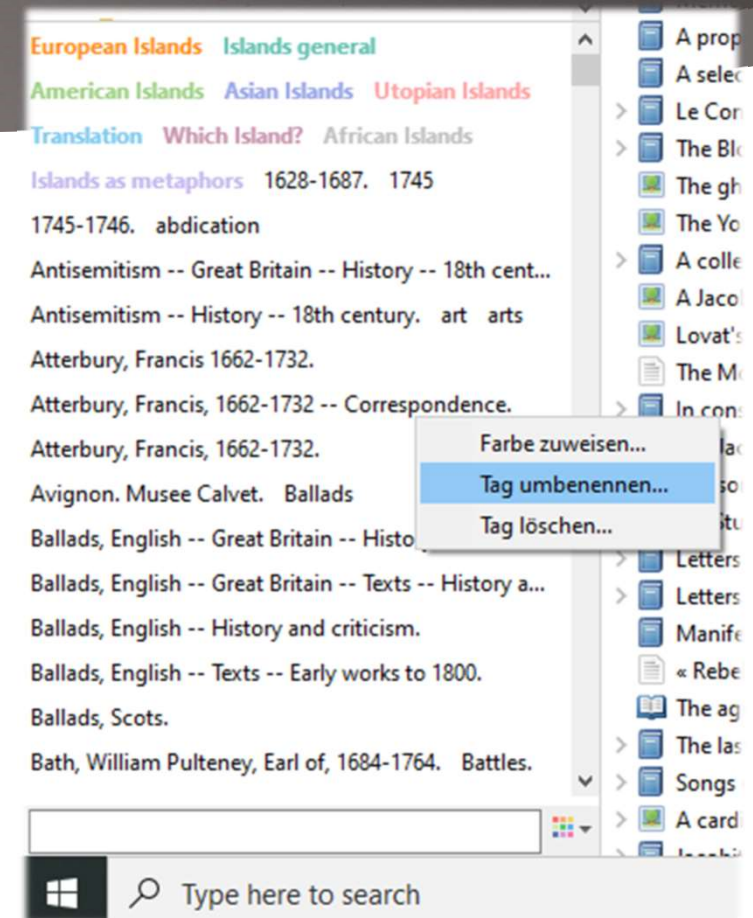

- ▶ Many digital library catalogues offer export functions for single or multiple references to different formats.
- ▶ Get the ZOTERO browser add-on to grab data directly from websites.
- ▶ Import your libraries from other software as BibTeX, XML or other.

The screenshot shows a web browser window with the URL <https://discover.libraryhub.jisc.ac.uk/search?q=island>. The page displays a search result for a book titled "A stream out of Lebanon : an introduction to the coming of Syrian/Lebanese emigrants to Prince Edward Island / by David Weale." The author is David Weale, 1942-, and the ISBN is 0919013120. The book was published in Charlottetown by the Institute of Island Studies in 1988. To the right, it lists holding libraries: British Library and London School of Economics Library. At the bottom, there is an "Export" section with a dropdown menu showing options: Endnote, Zotero; Tagged (Full); Tagged (Short); Print format (Full); Print format (Short); BibTeX; XML - MODS; and XML - BibTeXML. The "Export as" dropdown is set to "Endnote, Zotero", and an "Export" button is visible.

5) How can I sort and tag my data?

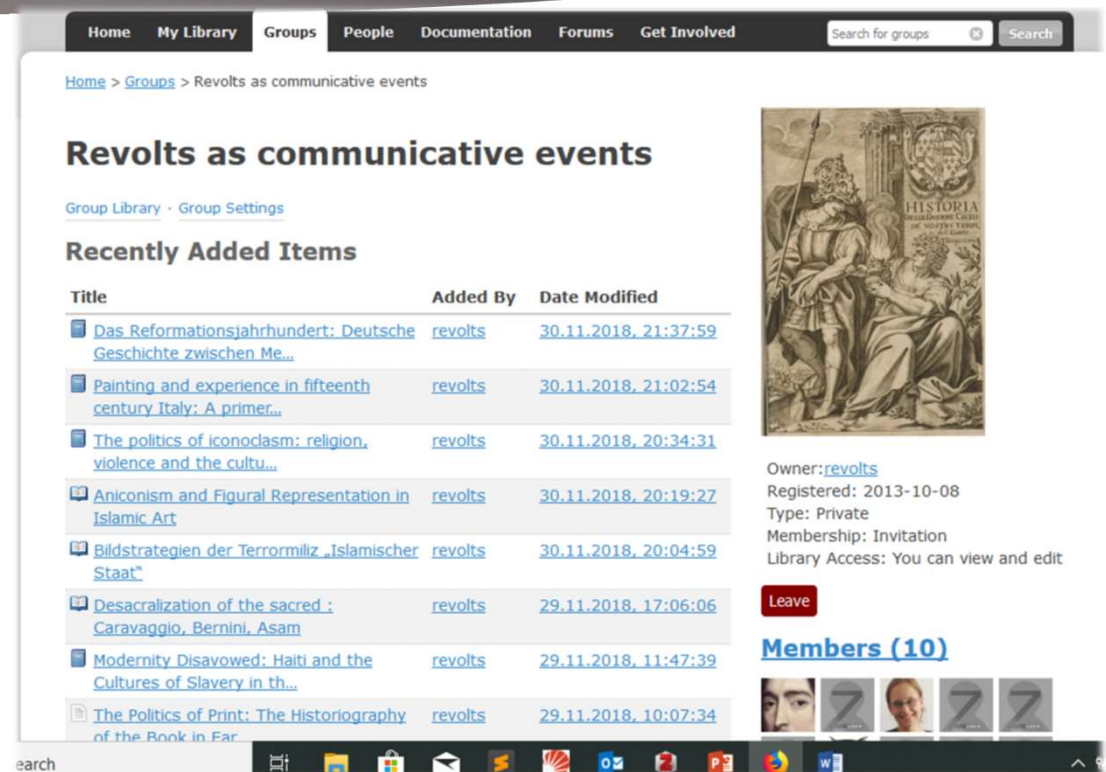

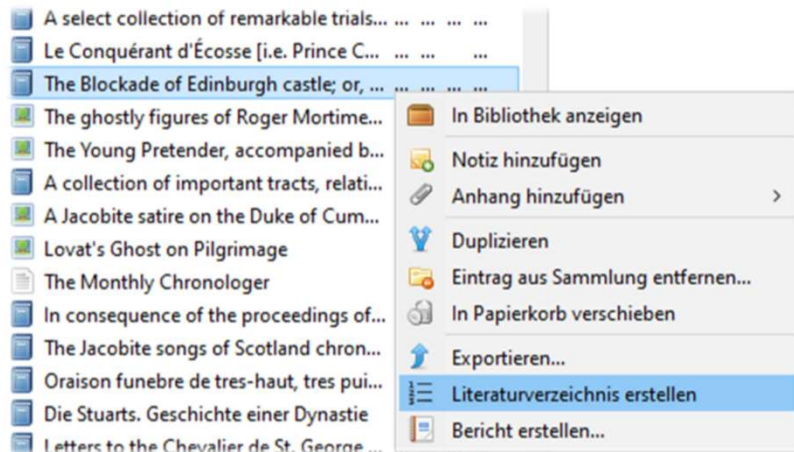

- ▶ Create folders and subfolders.
- ▶ Move files via „drag&drop“.
- ▶ Get rid of duplicates and find „orphaned“ data.
- ▶ Use the „tag selector“ to rename, delete or add new tags.
- ▶ Use the colour scheme to highlight tagged items.
- ▶ Check archive-defined and user-defined tags in the „tag“ tab.

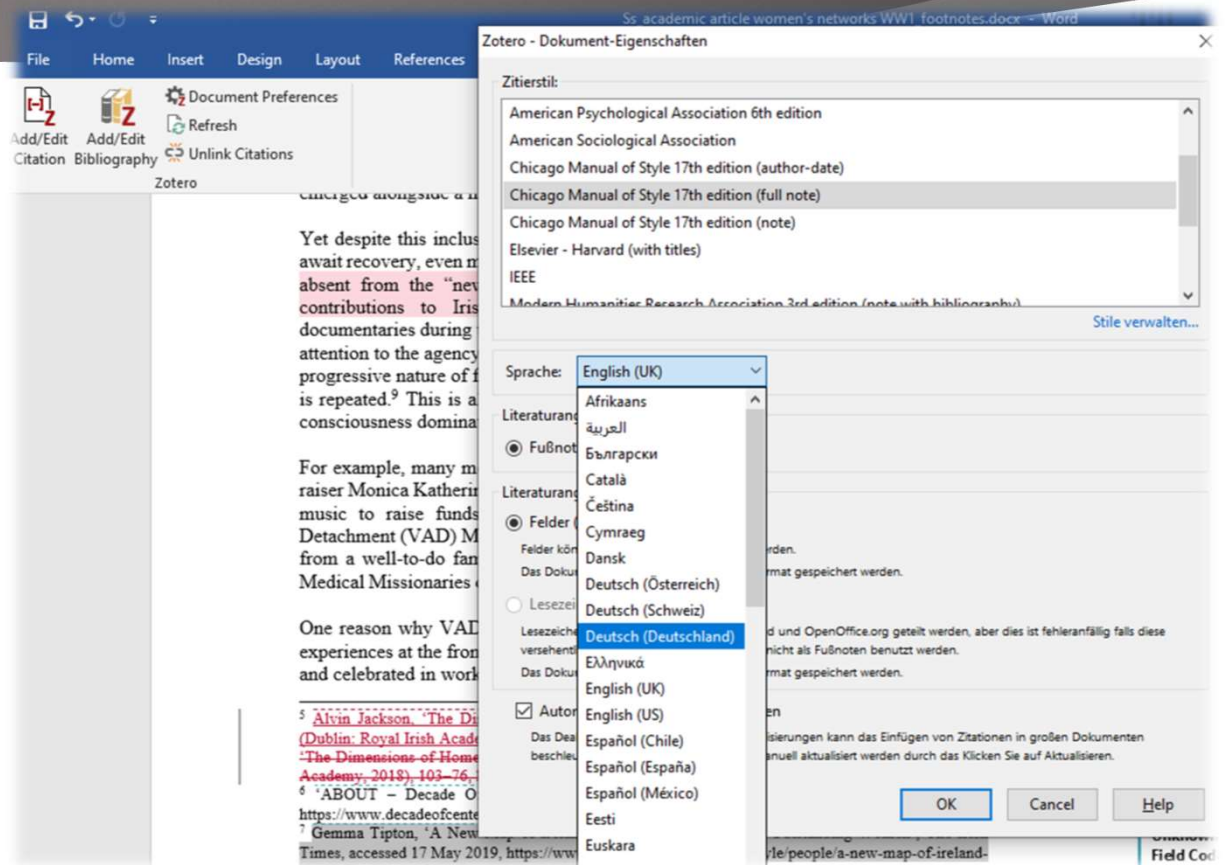

6) How can I share data or edit data collaboratively?

- ▶ Export individual items or whole folders as a reading list that can be copied into WORD.
- ▶ Create or join a ZOTERO group and invite new members.

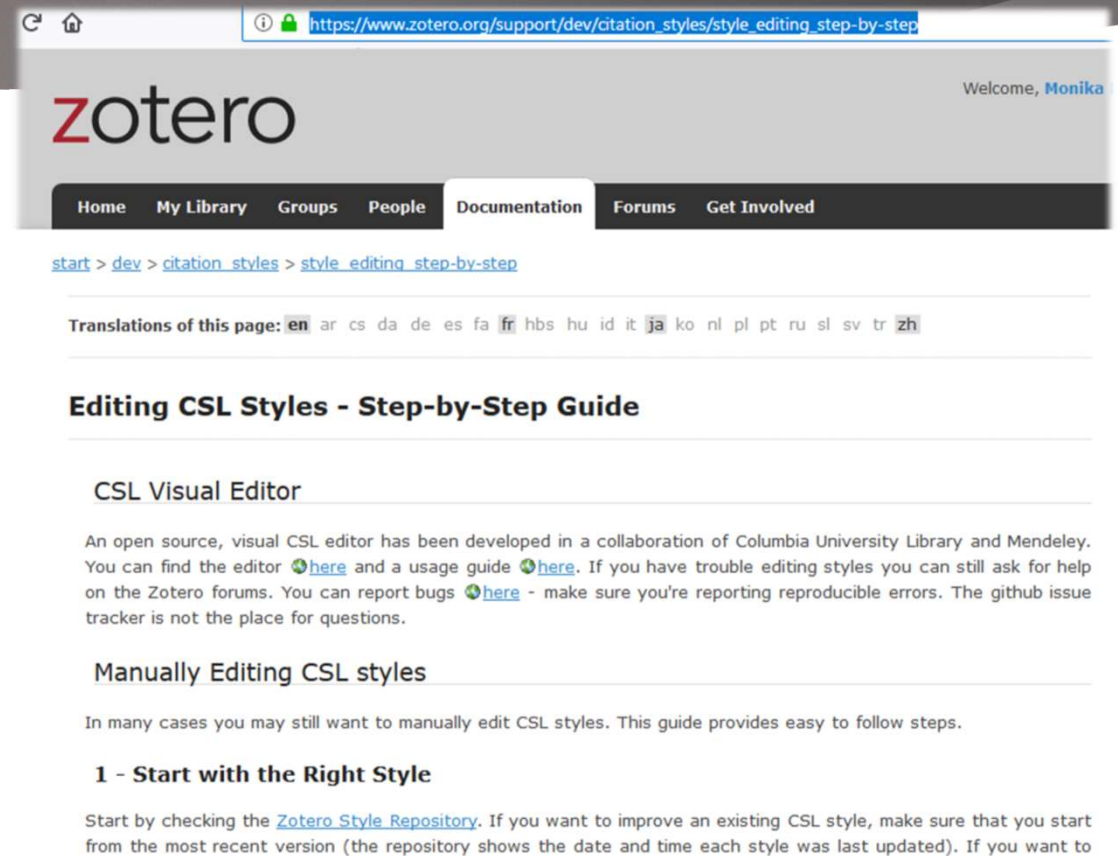

7) How can I adjust my references to various (international) citation styles?

- ▶ Update your „Document Preferences“ in the WORD plug-in.
- ▶ Different citation styles (also for individual publishing houses or journals) can be chosen from the standard menu or added later.
- ▶ Chose the right language settings for each document (source language must be added for each item beforehand).
- ▶ Post a „style request“ in the forums.

8) Create and share your own style!

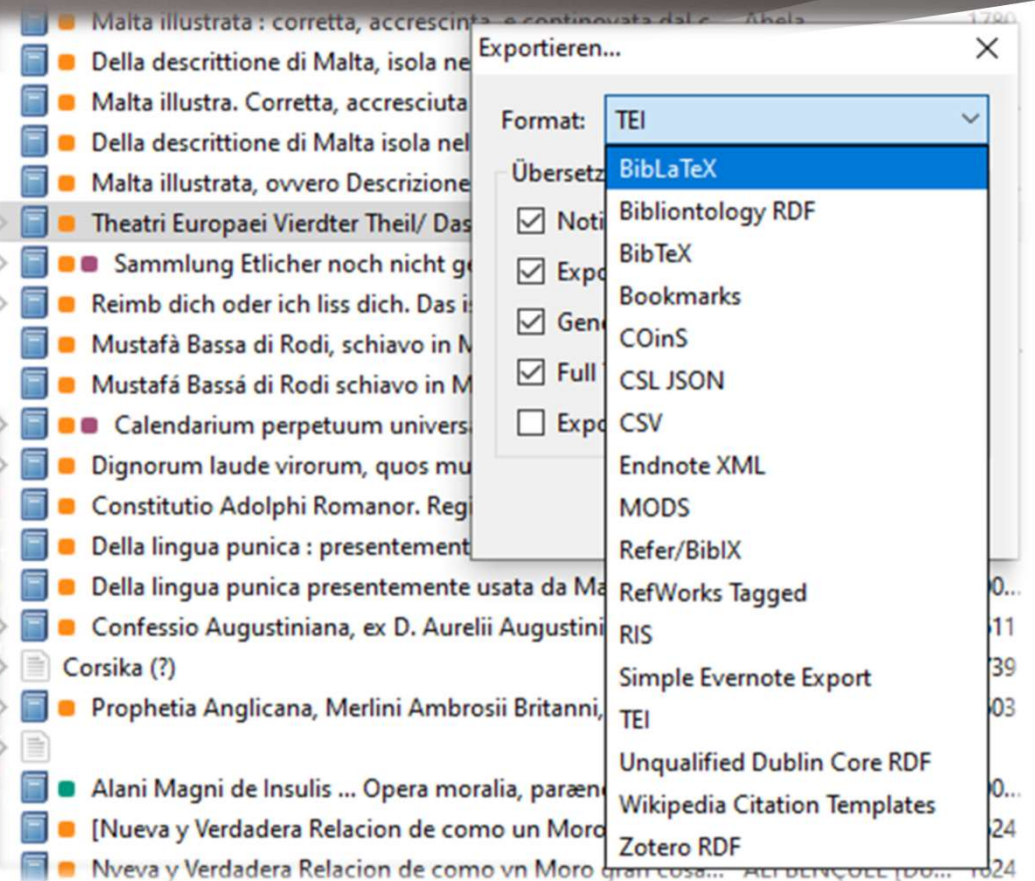

- ▶ Follow the instructions on https://www.zotero.org/support/dev/citation_styles/style_editing_step-by-step.
- ▶ Do not hesitate to ask for assistance in one of the forums. 😊
- ▶ Notify your collaborators and the ZOTERO community that a new style is available.

9) How can I use ZOTERO for data analysis?

- ▶ Export ZOTERO libraries as structured data in various formats, many of which include tags and user notes.
